

IN THE SPECIFICATION:

Please amend paragraph number [0001] as follows:

[0001] Field of the Invention: This invention relates to ~~explosives, and in particular~~ explosives and, in particular, this invention relates to explosives that are melt-pourable and may function as excellent replacements for Tritonal. In a currently preferred aspect, this invention relates to Tritonal replacement compositions that exhibit similar melting characteristics, comparable energetic performance, and either comparable or reduced shock and thermal sensitivities to Tritonal. This invention also relates to mortars, grenades, artillery, warheads, and antipersonnel mines containing the melt-pourable Tritonal replacement compositions.
